Policy Statement *[The following statement is the One-Church policy in the Catholic Church in Ireland, of which the Jesuits are a signatory]*

The Gospel teaches the importance of ensuring that the Catholic Church community is a warm, welcoming and safe place for children.

Let the little children come to me, and do not hinder them, for the kingdom of God belongs to such as these. Truly I tell you, anyone who will not receive the kingdom of God like a little child will never enter it. (Mark 10:14-15)

Children are gifts from God; to be cherished and recognised for the joyful contribution they make as valued members of the Church. Our challenge is to follow the example of Jesus in cherishing them. Safeguarding is key to this important task and should be seen, not as a burden, but as an opportunity to embrace and encourage children's ministry following the example of Jesus Christ.

This Church body [The Jesuits] pledges to safeguard children and young people from harm and to support them in their development as valued and integral members of the Catholic Church in Ireland. The Church's ministry will be inclusive and will uphold their rights.

Consistent with Gospel values, and with civil and criminal law, those who minister will do so with dignity and integrity, honouring their calling to ensure that children and young people are welcomed, cherished and protected, following the example set by Jesus.

This Safeguarding Children Policy will be honoured and complied with by all ordained clerics, by vowed female and male religious and by all lay staff and volunteers in the Catholic Church in Ireland.

Nature of service and principles to safeguard children from harm

The Jesuits in Ireland as a constituent member of the Catholic Church in Ireland exists to promote the teachings of the Catholic Church. This includes the following ministry with children:

- Celebrating the Eucharist and other Sacraments.
- Teaching and chaplaincy in Schools and University; in these contexts, the policies of the school/university apply.
- Attendance by children at Church services and faith programmes, usually accompanied by parents or guardians
- Participation in retreats, which are usually school-led
- Providing advice and support services to families, where children may be present

As outlined in the *A Safe and Welcoming Church, Safeguarding Children Policy and Standards for the Catholic Church in Ireland 2024* we are committed to the following standards:

- **Leadership, Governance and Accountability.** As a leader, the Provincial embodies and imparts the Catholic Church's vision, principles and values, which are reflected and apparent in the child safeguarding culture, structures and practices at all levels and in all ministries with children and young people. This demonstrates, through words and actions, the Provincial's personal commitment to fulfil the safeguarding mission of the Church.
- **Nurturing a Culture of Safeguarding.** Ensuring the creation and maintenance of a culture of safety, including a safe church environment that is welcoming of children. Keeping children safe from harm is an imperative but more than that, the Jesuits will promote the well-being of children through their participation in the ministry of the Church. The Jesuits will create and maintain environments that uphold children's rights and that create nurturing, caring conditions where children will flourish in faith and love. Through fostering a culture of care, children feel safe and looked after and, in turn, they will be supportive of and

respectful to their peers.

- **Responding Pastorally and Reporting According to Civil and Canon Law & Caring for Complainants and ensuring a just process of inquiry.** Any person who brings *any* suspicion, concern, knowledge or allegation of current or past abuse of a child to the notice of the Jesuits will be responded to sensitively, respectfully, actively and in a timely manner, in line with statutory child protection procedures and Church requirements. All Jesuits, staff and volunteers have a responsibility to report suspicions, concerns, knowledge or allegations of child abuse that reach the threshold for reporting to the statutory authorities. The Designated Liaison Person (DLP) can assist with this process. Jesuits and staff are expected to cooperate with the statutory and ecclesiastical authorities. In responding to complaints of child sexual abuse relating to clergy and those in any form of consecrated life, the Jesuits will act in accordance with the requirements of civil law and canon law and will respect the rights and uphold the safeguards these afford to both complainant and respondent.
